the estates are foreign private (keyword) estates therefore this affidavit will stand in place of my family, the estates and I in the inferior courts.

Therefore, the inferior courts and any inferior/puny judges therein have a legal and moral duty to serve the accompanying complaint and an inferior court summons on The Fed, Agencies and Insurance depositaries via the marshals within twenty one (21) days from the day that this affidavit and accompanying estate documents are received by the inferior courts.

If the inferior courts and ANY inferior/puny judges therein fail to uphold their legal and moral duty to the estates and the several states by serving the accompanying complaint and an inferior court summons on The Fed, Agencies and Insurance depositaries via the marshals within twenty one (21) days from the day that this affidavit and accompanying estate documents are received by the inferior courts:

the inferior courts will then be held liable jointly and severally with The Fed, Agencies and Insurance depositaries and along with The Fed, Agencies and Insurance depositaries the inferior courts have a legal and moral duty to respond to this affidavit and accompanying complaint and inferior court summons via a complete point for point rebuttal in affidavit form fully supported by first hand testimony and evidence submitted under penalties including but NOT limited to perjury under the laws of the estates and the several states within sixty (60) days from the day that service of the accompanying complaint and an inferior court summons is affected by the marshals.

Failure of The Fed, Agencies and Insurance depositaries to respond to this affidavit, accompanying complaint and inferior court summons via a complete point for point rebuttal in affidavit form fully supported by first hand testimony and evidence submitted under penalties including but NOT limited to perjury under the laws of the estates and the several states within sixty (60) days from the day that service of the accompanying complaint and inferior court summons is affected by the marshals will constitute yet another default judgment in the estates courts and a default judgment in the inferior courts subjecting Insurance depositaries to a legal and moral duty to pay of thirty five billion, five hundred million (35,500,000,000) in federal reserve notes or the current functional currency to my family, the estates and I forthwith.

The ONLY way that this affidavit, accompanying complaint and inferior court summons can be overturned, abridged, nullified, abrogated, disregarded, dismissed etc. is via a complete point for point rebuttal in affidavit form fully supported by first hand testimony and evidence submitted under penalties including but NOT limited to perjury under the laws of the estates and the several states or by a bona-fide grand jury trial indictment made on one of the several states and NOT in the United States.

We are reasonable and equitable people and have NO animosity towards The Fed, Agencies and Insurance depositaries. My family and I believe that those behind The Fed, Agencies and Insurance depositaries would have done the same as we have done to defend their families.
